United States Court of Appeals

for the Seventh Circuit
219 South Dearborn Street
Chicago, Illinois 60604

2021-02
3/25/21

POSITION VACANCY

Position: Programmer/Analyst

Salary Range: CL 25/1 to 26/61 ($47,407 - $84,839) per annum
Placement is dependent upon background and qualifications. Promotional potential to the next classification level without further competition.

Closing Date: Open Until Filled

Position Overview: The U.S. Court of Appeals for the 7th Circuit is seeking detail oriented applicants for a full time Programmer/Analyst position. The incumbent is part of the Case Management/Electronic Case Files (CM/ECF) team. The incumbent will be responsible for the implementation, development, testing, and documentation of existing and new applications software.

Representative Duties:

- Creates, maintains, and enhances Java, Perl, and Linux scripts, data/form libraries, and applications using a variety of web-based software.
- Prepares routine and non-routine court reports, runs and distributes reports, and provides advice to users regarding reports.
- Assists in evaluating and determining appropriate hardware, and software to support court requirements.
- Performs technical work related maintenance of the CM/ECF system.
- Troubleshoots and fixes technical program problems.
- Participates in the analysis, implementation, operations, modifications, and support of nationally supported automated systems, and local systems development, and enhancement efforts.
- Responsible for database security, and database web applications.
- Provides end user technical support for PC based systems
- Installs hardware, and software, and performs system upgrades. Responsible for converting data files.

Required Qualifications:

- Bachelor's Degree in a related field from an accredited college or university,
- A minimum of two years of progressively responsible experience, including at least one year equivalent to work at the CL 24, related to the technical aspects of data processing, office automation, and data communications and their applications, terminology and methodology, including the accomplishment of computer project assignments that involved systems analysis, design, programming, implementation, integration, and management.
- Experience with SQL (Informix preferred) with a good understanding of relational database design, and use.

Preferred Qualifications:

- Working knowledge of client and server-side Java programming.
- Experience working with any of the following : Java Swing, HTML, XML, Linux, Perl, JDBC, ODBC, EJB servlets, JSP, or web based applications.
  .

Benefits:

Benefits include ten paid holidays, paid vacation and sick leave, participation in the Federal Employees Retirement System (FERS), Thrift Savings Plan (401k), and public transit subsidy. Optional participation in the Federal Employees Health Benefits Program (FEHB), Federal Employees Group Life Insurance Program (FEGLI), Flexible Benefits Program, Federal Long Term Care Insurance Program (FLTCIP), and Dental and Vision Insurance. Information can be found on our website, under Human Resources, at: www.ca7.uscourts.gov.

Application: Please forward resume with cover letter to:
